Centre for furniture research, conservation and promotion

About Us

We are Spain's leading centre on furniture studies, and our goals are:

- › To increase social awareness of the heritage value of furniture
- › To encourage interest in furniture and promote it
- › To offer continuous training for professionals in the sector
- › To boost knowledge of new technologies to conserve and restore furniture
- › To encourage the exchange of knowledge between professionals
- › To share research on a national and international level
- › To provide access to information on furniture

What We Offer

- › Specialist publications
- › Estudi del Moble weekly furniture studies magazine
- › A library of furniture books
- › Xylotheque
- › Image and documentary archive
- › Appraisals, inventories and studies for both individuals and private and/or public institutions
- › Consulting, cataloguing and conservation services
- › Work experience schemes and internship programmes
- › Training activities

What We Do

- › Educational activities: furniture history courses, monographs, theoretical and practical sessions, seminars and conferences
- › Furniture study workshops: practical sessions with a piece of furniture
- › Small group trips to discover furniture collections and art exhibitions run by leading experts for the best possible learning experience
- › Guided tours and access to exclusive areas

Are you interested in research and working as a team?

Do you hold an appreciation for furniture?

Do you want to share your experiences and further your knowledge?
